## Karina Lightfast Pencils

This Fine Art quality, permanent colouring pencil represents the next generation of colours produced in accordance with latest ASTM-D4303 specifically devised for the measurement and labelling for light-fastness (LF) scale from 1-5 (1 being the highest) which tests the exposure of colours to the equivalent of 100 years of museum lighting. All 36 Karmina colours were rated at LF1 or LF2 for maximum lightfastness. All colours can be inter-mixed to produce numerous intermediate tones. Available in tinned sets of 12, 24, 36 and 72 colours. 36 colours are available individually.
